Workshop - 07

(05.06.2024 – 14.06.2024)

### Announcement

Central Institute of Classical Tamil proposes to conduct a Workshop in the **Art Traditions of India** from **05.06.2024** to **14.06.2024**. India deservingly enjoys far-reaching fame for its achievements in almost all the arts including music, dance, painting, sculpture and architecture just as it has made substantial contributions to a number of languages and literatures. Indian arts are known for their unique features besides the ones absorbed from alien traditions. Taking advantage of the rapid developments in science and technology, they are flourishing and marching from strength to strength. We can be justly proud of the pluralistic nature of Indian culture caused by the presence of various religions, languages, literatures and races. The progress made in utilitarian art, folk art, tribal art and ritual art has been tremendous and worthy of international acclaim.

There is now a dire need to preserve these traditions and pass them on to future generations. As has been warned by wise men, a nation that forgets its past glory will have no future.

Central Institute of Classical Tamil has been promoting the cause of Tamilology by a vast variety of activities which richly benefit students, researchers and teachers in colleges and universities.

Those desirous of doing research in areas relating to Indian arts are welcome to attend this workshop which will certainly provide them fresh insights and valuable clues.
